REPORT OF THE BOARD OF DIRECTORS

The Board of Directors ("the Directors") is pleased to submit their report together with the audited financial statements of Maxima Mikroheranhvatho Co., Limited ("the Company") for the year ended 31 December 2010.

MAXIMA MIKROHERANHVATHO CO., LIMITED

The Company was incorporated in the Kingdom of Cambodia on 27 July 2005 and registered with the Ministry of Commerce as a private limited liability company under register number Co-7897/05P dated 27 July 2005.

PRINCIPAL ACTIVITIES

The Company is principally engaged in all aspects of micro-finance business and the provision of related financial services in Cambodia.

RESULTS OF OPERATIONS AND DIVIDEND

The results of operations for the year ended 31 December 2010 are set out in the income statement on page 8.

During the financial year, the Board of Directors declared dividend amounting to USD 38,502 (2009: USD 20,112) after transfer of USD 2,618 (equivalent to 5% of the 2009 net profit) to the reserves in the equity.

STATUTORY CAPITAL

There were no changes in the issued and paid-up capital of the Company during the year.

RESERVES AND PROVISIONS

There were no material movements to or from reserves and provisions during the year under review.

BAD AND DOUBTFUL LOANS AND ADVANCES

Before the financial statements of the Company were drawn up, the Directors took reasonable steps to ascertain that action had been taken in relation to the writing off of bad loans and advances or making of provisions for doubtful loans and advances, and satisfied themselves that all known bad loans and advances had been written off and that adequate provisions have been made.

At the date of this report and based on the best of their knowledge, the Directors are not aware of any circumstances which would render the amount written off for bad loans and advances or the amount of the provision for bad and doubtful loans and advances in the financial statements of the Company inadequate to any material extent.

E-mail: maximacredit@yahoo.com / Web: <http://www.maxima.com.kh>

CURRENT ASSETS

Before the financial statements of the Company were drawn up, the Directors took reasonable steps to ensure that any current assets, other than debts which were unlikely to be realised in the ordinary course of business at their values as shown in the accounting records of the Company, have been written down to an amount which they might be expected to realise.

At the date of this report and based on the best of their knowledge, the Directors are not aware of any circumstances which would render the values attributed to the current assets in the financial statements of the Company misleading in any material respect.

VALUATION METHODS

At the date of this report and based on the best of their knowledge, the Directors are not aware of any circumstances that have arisen which would render adherence to the existing method of valuation of assets and liabilities in the financial statements of the Company misleading or inappropriate in any material respect.

CONTINGENT AND OTHER LIABILITIES

At the date of this report, there is:

- (a) no charge on the assets of the Company which has arisen since the end of the financial year which secures the liabilities of any other person, and
- (b) no contingent liability in respect of the Company that has arisen since the end of the financial year other than in the ordinary course of its business operations.

No contingent or other liability of the Company has become enforceable, or is likely to become enforceable within the period of twelve months after the end of the financial year which, in the opinion of the directors, will or may have a material effect on the ability of the Company to meet its obligations as and when they become due.

CHANGE OF CIRCUMSTANCES

At the date of this report, the Directors are not aware of any circumstances, not otherwise dealt with in this report or the financial statements of the Company, which would render any amount stated in the financial statements misleading in any material respect.

ITEMS OF AN UNUSUAL NATURE

The results of the operations of the Company for the year ended 31 December 2010 were not, in the opinion of the Directors, materially affected by any item, transaction or event of a material and unusual nature.

There has not arisen in the interval between the end of the year and the date of this report any item, transaction or event of a material and unusual nature likely, in the opinion of the Directors, to substantially affect the results of the operations of the Company for the current financial year in which this report is made.

THE BOARD OF DIRECTORS

A General Assembly of Maxima Mikroheranhvatho Co., Ltd took place on 29 April 2010 whereby a new Board of Directors composed of four members was elected and appointed on 06 May 2010.

The new members of the Board of Directors holding office during the year and as at the date of this report are:

Mr. An Bun Hak, Non-executive Director/Chairman
Mr. Uong Kimseng, Executive Director /CEO
Mr. Chet Chan Prasoeur, Non-executive Director
Mr. Pa Ponnak Kiry, Executive Director/HRM

DIRECTORS' INTERESTS

The Directors are representing the interests of shareholders of the Company during the year and at the date of this report are as follows:

Shareholder	Holding	Number of shares
	%	of USD10 each
Mr. An Bun Hak	24.39%	100,000
Mr. Uong Kimseng	24.39%	100,000
Mr. Chet Chan Prasoeur	9.76%	40,000
Mr. Pa Ponnak Kiry	2.44%	10,000
	<u>60.98%</u>	<u>250,000</u>

DIRECTORS' BENEFITS

During and at the end of the year, no arrangements existed, to which the Company was a party, with the object of enabling Directors of the Company to acquire benefits by means of the acquisition of shares in or debentures of the Company or any other body corporate.

No Director of the Company has received or become entitled to receive any benefit by reason of a contract made by the Company with the Director or with a firm of which the Director is a member, or with a company which the Director has a material financial interest other than as disclosed in the financial statements.

RESPONSIBILITIES OF THE DIRECTORS IN RESPECT OF THE FINANCIAL STATEMENTS

The Directors are responsible to ensure that the financial statements are properly drawn up so as to present fairly, in all material respects, the financial position of the Company as at 31 December 2010 and of its financial performance and cash flows for the year then ended. In preparing these financial statements, the Directors are required to:

- i) adopt appropriate accounting policies which are supported by reasonable and prudent judgements and estimates and then apply them consistently;
- ii) comply with the disclosure requirements and the National Bank of Cambodia's guidelines and Cambodian Accounting Standards or, if there have been any departures in the interests of fair presentation, these have been appropriately disclosed, explained and quantified in the financial statements;
- iii) maintain adequate accounting records and an effective system of internal controls;
- iv) prepare the financial statements on a going concern basis unless it is inappropriate to assume that the Company will continue operations in the foreseeable future; and
- v) effectively control and direct the Company in all material decisions and actions affecting the operations and performance and ascertain that such have been properly reflected in the financial statements.

The Directors confirm that the Company has complied with the above requirements in preparing the financial statements.

APPROVAL OF THE FINANCIAL STATEMENTS

The accompanying financial statements has been drawn up so as to present fairly, in all material respects, the financial position of the Company as at 31 December 2010, and of its financial performance and cash flows for the year then ended in accordance with the National Bank of Cambodia's guidelines and Cambodian Accounting Standards, were approved by the Board of Directors.

On behalf of the Board of Directors

Mr. An Bun Hak
Chairman

Date: 19 April 2011

MORISON KAK & ASSOCIÉS

CERTIFIED PUBLIC ACCOUNTANTS, CAMBODIA

**REPORT OF INDEPENDENT AUDITORS
TO THE SHAREHOLDERS AND TO THE BOARD OF DIRECTORS OF MAXIMA
MIKROHERANHVATHO CO., LIMITED**

We have audited the accompanying financial statements of Maxima Mikroheranhvatho Co., Limited ("the Company"), which comprise the balance sheet as at 31 December 2010, and the related income statement, statement of changes in equity, and cash flow statement for the year then ended, and a summary of significant accounting policies and other explanatory notes.

Management's responsibility

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the National Bank of Cambodia's guidelines and Cambodian Accounting Standards. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditors' responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Cambodian Standards on Auditing and International Standards on Auditing and the requirements of the National Bank of Cambodia ("NBC"). Those principles require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance as to whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by Management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**REPORT OF INDEPENDENT AUDITORS
TO THE SHAREHOLDERS AND TO THE BOARD OF DIRECTORS OF MAXIMA
MIKROHERANHVATHO CO., LIMITED (CONTINUED)**

Opinion

In our opinion, the accompanying financial statements present fairly, in all material respects, of the financial position of the Company as at 31 December 2010 and of its financial performance and cash flows for the year then ended, in accordance with the National Bank of Cambodia's guidelines and Cambodian Accounting Standards.

The accompanying financial statements are prepared for jurisdiction of Cambodia and the National Bank of Cambodia's guidelines. It is not intended to present the financial position and results of operations and cash flows in accordance with accounting principles and practices generally accepted in other countries and jurisdictions other than Cambodia.

MAXIMA MIKROHERANHVATHO CO., LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2010

1. GENERAL INFORMATION

Maxima Mikroheranhvatho Co., Ltd (“the Company”), formerly known as Maxima Organization for Household Economic Development (“the Institution”), was incorporated in Cambodia and registered with the Ministry of Commerce on 27 July 2005 under Registration No. Co. 7897/05P. On 10 August 2005, the Company obtained the license from the National Bank of Cambodia (“NBC”) to operate the micro-finance service to the economically active poor population of Cambodia. In June 2008, the NBC granted a permanent license to the Company.

The Company’s vision is to bring together people and business with the common goal of alleviating poverty by providing both economic and social opportunities to the rural poor. Its mission is to offer micro-finance services to low-income individuals, groups, and small and medium enterprises (“SMEs”), with an emphasis on lending to poor and rural women in addition to promoting savings.

The Company’s registered head office located at No. 39 E0-E4, Street 374, Sangkat Tuol Svay Prey I, Khan Chamkarmorn, Phnom Penh, and its branch and service offices located in Kandal province.

As at 31 December 2010, the Company employed 54 employees (2009: 50 employees).

There have been no significant changes in the nature of these principal activities during the financial year.

The financial statements were authorised for issue by the Board of Directors on 19 April 2011.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

2.1 Basis of preparation

The financial statements of the Company are prepared under the historical cost convention in accordance with the guidelines issued by the NBC and Cambodian Accounting Standards (“CAS”). In applying CAS, the Company also applies the Cambodian Financial Reporting Standard (“CFRS”) 7: *Financial Instruments: Disclosures*. This practice differs from the International Financial Reporting Standards which require that loans and receivables be carried at amortised cost using the effective interest method of any difference between the initial amount and the maturity amount, and minus any reduction for impairment or uncollectability.

The preparation of financial statements in conformity with CAS as modified by NBC guidelines requires the use of estimates and assumptions that affect the amounts reported in the financial statements as at and for the year ended and accompanying notes. The estimates have been made based on existing available information and Management’s best knowledge of current event and actions; and therefore the actual results ultimately may differ from those estimates.

The accompanying financial statements are prepared for jurisdiction of Cambodia and are not intended to present the financial position and its financial performance and cash flows in accordance with generally accepted accounting principles and practice in other countries and those who are not informed about Cambodia’s procedures and practices.

MAXIMA MIKROHERANHVATHO CO., LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2010

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

2.2 New accounting standards and interpretations

There were no standards, amendments to existing standards and interpretations which became effective in the year ended 31 December 2010.

On 28 August 2009, the National Accounting Council announced the adoption of Cambodian International Financial Reporting Standards (“CIFRS”) which are based on full International Financial Reporting Standards. Public accountable entities shall prepare their financial statements in accordance with CIFRS for accounting period beginning on or after 1 January 2012.

The following Cambodian International Accounting Standards (“CIAS”) or CIFRS and amendments to existing standards, which have been published are relevant and mandatory for the Bank’s accounting period beginning on or after 1 January 2012, but have not been early adopted by the Company:

- **CIAS 1 (Revised), 'Presentation of Financial Statements'**
The revised standard prohibits the presentation of items of income and expenses (i.e., 'non-owner changes in equity') in the statement of changes in equity. All non-owner changes in equity are to be shown in a performance statement. Entities can opt to present one performance statement (i.e. statement of comprehensive income) or two statements (i.e. income statement and statement of comprehensive income). Entities which restate or reclassify comparative information are required to present a restated balance sheet as at the beginning comparative period. The revised standard also clarifies that potential settlement of a liability by issue of equity is not relevant in determining the classification of a liability as current or non-current liability.
- **CIAS 16 (Amendment), 'Property, Plant and Equipment' (and consequential amendment to CIAS 7, 'Statement of Cash Flows')**
The amended standard requires entities, whose ordinary activities comprise renting and subsequently selling assets, to present proceeds from sale of those assets as revenue and to transfer the carrying amount of an asset to inventories when the asset becomes held for sale. A consequential amendment to CIAS 7 requires cash flows arising from purchase, rental and sale of those assets to be classified as cash flows from operating activities.
- **CIAS 24 (Revised), 'Related Party Disclosures'**
CIAS 24 was revised by (a) simplifying the definition of a related party, clarifying its intended meaning and eliminating inconsistencies from the definition; and (b) providing a partial exemption from the disclosure requirements for government-related entities.
- **CIAS 32, 'Financial Instruments: Presentation'**
The objective of this standard is to establish the principles for presenting financial instruments as liabilities or equity and for offsetting financial assets and financial liabilities. It applies to the classification of financial instruments, from the perspective of the issuer, into financial assets, financial liabilities and equity instruments as well as classification of related interest, dividends, losses and gains.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2010**

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

- CIAS 36 (Amendment), 'Impairment of Assets'
The amended standard states that where fair value less costs to sell is calculated on the basis of discounted cash flows, disclosures equivalent to those for value-in-use calculation should be made.
- CIAS 39, "Financial Instruments: Recognition and Measurement"
The standard establishes principles for recognising and measuring financial assets, financial liabilities and some contracts to buy or sell non-financial items. Adoption of CIAS 39 will result in the following revisions to the accounting policies on financial instruments:

Loans and advances to customers

Loans and advances to customers are currently stated in the balance sheet at outstanding principal and interest, less any amounts written off and provision for loan losses. Under CIAS 39, loans and receivables are initially recognised at fair value - which is the cash consideration to originate or purchase the loan including any transaction costs - and subsequently measured at amortised cost using the effective interest rate method.

Impairment of financial assets

The Company currently follows the mandatory credit classification and provisioning as required by Prakas No. B7-02-186 dated 13 September 2002 issued by the Central Bank, as disclosed in note 2.8 to the financial statements. CIAS 39 requires the Company to assess at each reporting date whether there is objective evidence that a financial asset or group of financial assets is impaired, either on an individual or collective assessment basis. Impairment loss is measured as the difference between an asset's carrying amount and present value of estimated future cash flows (excluding future credit losses that have not been incurred) discounted at the asset's original effective interest rate. For the purposes of collective impairment assessment, assets are grouped on the basis of similar credit risk characteristics.

Interest income and interest expense

The Company currently recognises interest income and expense on an accrual basis at contractual rates, except where serious doubt exists as to the collectability, interest is suspended until it is realized on a cash basis. CIAS 39 requires interest income and expense for all interest-bearing financial instruments to be recognised using the effective interest method. In respect of a financial asset or a group of similar financial assets which are impaired, interest income is to be recognised at interest rate used in discounting future cash flows for purpose of measuring the impairment loss.

- CIFRS 7 (Amendment), 'Financial instruments – Disclosures'
The revised standard requires enhanced disclosures in respect of fair value measurement and liquidity risk. In particular, the amendment requires disclosure of fair values by fair value measurement hierarchy as follows:

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2010**

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

- Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities;
 - Level 2 – Inputs, other than quoted prices included within Level 1, that are observable for an asset or liability, either directly or indirectly; and
 - Level 3 – Inputs for an asset or liability that are not based on observable market data.
- CIFRS 9, ‘Financial instruments’
The standard establishes principles for financial reporting of financial assets that will present relevant and useful information to users of financial statements for their assessment of the amounts, timing and uncertainty of the entity’s future cash flows. CIFRS 9 specify the bases for classification and measurement of financial assets, including some hybrid contracts. They require all financial assets to be: (a) classified on the basis of an entity’s business model for managing the financial assets and the contractual cash flow characteristics of a financial asset; (b) initially measured at fair value, plus transaction costs in the case of a financial asset not at fair value through profit or loss; and (c) subsequently measured at amortised cost or fair value based on asset classification.

Other than the standards and amendments to existing standards as set out above, the other published standards, amendments and interpretations to existing standards, which are applicable for accounting periods beginning on or after 1 January 2010, are not relevant to the Company’s operations.

2.3 Foreign currencies translation

(a) Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates (‘the functional currency’).

The national currency of Cambodia is the Khmer Riel (“KHR”). However, as the Company transacts essentially in US Dollar (“USD”) and maintains its books of accounts primarily in USD, the financial statements are presented in US\$, which is the Company’s functional and presentation currency as it reflects the economic substance of the underlying events and circumstances of the Company.

In compliance with the requirements of the NBC, all assets, liabilities, profit and loss statement items in foreign currencies at the end of the year are converted into thousand Khmer Riel (“KHR’000”) using the official exchange rate announced by the NBC at the balance sheet date, of 1 USD = 4,053 KHR (31 December 2009: KHR 4,169). The purposes of such conversions are to comply with NBC’s financial statements presentation guidelines only and should not be construed as representations that the KHR amounts have been, could be, or could in the future be, converted into USD at this or any other rate of exchange.

(b) Transactions and balance

Assets and liabilities expressed in currencies other than USD are translated into USD at the rate of exchange quoted by the NBC at the date of the balance sheet. Income and expenses arising in foreign currencies are converted at the rate of exchange prevailing on the transaction dates. Exchange differences arising from conversion are reported on a net basis in the statement of income.

MAXIMA MIKROHERANHVATHO CO., LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2010

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

2.4 Segment information

The Company operates within one business segment which is a micro-finance business operation, and within one geographical segment, the Kingdom of Cambodia

2.5 Cash and cash equivalents

Cash and cash equivalents comprise balances with original maturity of less than three months from the date of acquisition, including cash on hand, non-restricted balance with the Central Bank and balances with other banks.

2.6 Statutory deposits with central bank

Statutory deposits represent cash maintained with the NBC in compliance with the Law on Banking and Financial Institutions (“LBFI”) and are not available to finance the Company’s day-to-day operations and hence are not considered as part of cash and cash equivalents for the purpose of the statement of cash flows.

2.7 Loans and advances to customers

Loans originated by the Company by providing money directly to the borrowers at draw down are categorised as loans and advances to customers and are carried at outstanding balance and interest, less allowances for loan loss and any amount written off. Interest in suspense represents interest accrued on loan receivables that are doubtful or bad.

2.8 Allowances for loan losses

Allowances for loan losses are based on the latest mandatory credit classification and provisioning guidelines required by Prakas B7-02-186 dated 13 September 2002 issued by the NBC. Allowances are made with regard to specific risks on loans individually reviewed and classified into four classes as standard, sub-standard, doubtful and loss regardless of the assets (except cash) lodged as collateral.

NBC guidelines require the following loan classification and minimum level of allowances:

Classification	Overdue	Rate of allowances
Standard	- Less than thirty days	0%
Substandard	- More than thirty days	10%
Doubtful	- 60 days and more (original term of up to one year)	30%
	- 180 days and more (original term of more than one year)	
Loss	- 90 days and more (original term of up to one year)	100%
	- 360 days and more (original term of more than one year)	

Exception on the above provision rate may be considered but this is conditional on the actual market value of the collateral having been deemed acceptable by the NBC on a case-by-case basis.

MAXIMA MIKROHERANHVATHO CO., LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2010

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

2.8 Allowances for loan losses (continued)

In accordance with NBC guidelines, overdue loans are defined as the total outstanding principal where the principal or interest is past due.

An uncollectible loan or portion of a loan classified as bad is written off when, in the judgement of the management with the approval of the Board of Directors, there is no prospect of recovery, after taking into consideration the realisable value of the collateral, if any. Loans written off are taken out of the outstanding loan portfolio and deducted from the provision for bad and doubtful loans.

Recoveries on loans previously written off are recognized as other operating income in the income statement.

2.9 Property and equipment

Property and equipment are stated at historical cost less accumulated depreciation and impairment losses. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent expenditures are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the statement of income during the financial year in which they are incurred.

Depreciation of property and equipment is calculated on a straight-line basis for the period from 01 Jan 2010 to 30 June 2010 and declining basis for the period from 01 July 2010 to 31 December 2010 over the estimated useful lives of assets at the following rates per annum:

Leasehold improvements	50%
Computer and IT equipment	50%
Office equipment	20% - 25%
Furniture and fixture	25%
Motor vehicle	25%

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount. The recoverable amount is the higher of the asset's fair value less costs to sell and value in use.

An item of property and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Gains and losses on disposal are determined by comparing proceeds with carrying amount and are recognised in income statement.

MAXIMA MIKROHERANHVATHO CO., LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2010

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

2.10 Impairment of non-financial assets

Assets that have an indefinite useful life are not subject to amortisation and are tested annually for impairment. Assets that are subject to amortisation or depreciation are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. Impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use.

Any impairment loss is charged to income statement in the period in which it arises. Reversal of impairment loss is recognised in the income statement to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation and amortisation, had no impairment loss been recognised.

2.11 Borrowings

Borrowings are stated at cost.

2.12 Provident fund

Provident fund is contributed by the Company and the eligible employees at the same fixed amount of US\$ 10 per month for each employee.

Provident fund is conditional and will be fully paid to the employee upon retirement age, or if the employee resigns before retirement age, they are entitled to the following portion of provident funds contributed by the Company:

Number of working years	Percentage (%) of total Provident funds provided for the employee
Less than 3 years	Nil
3 years and more	100%

2.13 Reserves

Based on the Memorandum and Article of Association, the Company has to transfer to this reserve fund 5% of its prior year's net profit. Such transfer shall cease when the reserve fund equals 10% of the Company's registered share capital.

2.14 Interest income and expense

Interest earned on loans and advances to customers, deposits with the Central Bank and other banks are recognised on the accrual basis, except when loans and advances to customers become doubtful of collection, in which case, no interest is recognised as income.

Where an account is classified as non-performing, recognition of interest income is suspended until it is realised on a cash basis. Customer's loan accounts are classified as non-performing where repayments are in arrears for thirty days and more.

Interest expenses on borrowings are recognised on an accrual basis.

MAXIMA MIKROHERANHVATHO CO., LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2010

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

2.15 Provisions

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events; it is more likely than not that an outflow of resources will be required to settle the obligations; and a reliable estimate of the amount of the obligation can be made.

When there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole.

Provisions are measured at the present value of the expenditures expected to be required to settle the obligation using a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the obligation. The increase in the provision due to passage of time is recognised as interest expense.

2.16 Current and deferred income taxes

Income tax expense for the period comprises current and deferred tax. Tax is recognised as expenses for the period. Taxes other than on income are recorded within operating expenses.

Current tax is calculated on the basis of taxable profit using tax rates that have been enacted or substantially enacted at the balance sheet date in accordance with Cambodian Law on Taxation.

Deferred tax is provided in full, using the liability method, on temporary differences between tax bases of assets and liabilities and their carrying amounts in the financial statements. The amount of deferred tax provided is based on the expected manner of realisation or settlement of the carrying amount of assets and liabilities, using tax rate enacted or substantially enacted at the balance sheet date.

A deferred tax asset is recognised only to the extent that it is more likely than not that future taxable profits will be available against which the asset can be utilised. Deferred tax assets are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

2.17 Related parties

Parties are considered to be related if one party has the ability to control the other party or exercise significant influence over the other party in making financial and operating decisions.

Under the LBFI, the definition of related parties includes parties who hold, directly or indirectly, at least 10 percent of the capital or voting rights and includes any individual who participates in the administration, direction, management or internal control of the Company.

MAXIMA MIKROHERANHVATHO CO., LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2010

3. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

Estimates and judgements are continually evaluated and based on historical experience and other factors, including expectations with regard to future events that are believed to be reasonable under the circumstances. The Company makes estimates and assumptions that affect the reported amounts of assets and liabilities concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are listed below.

(a) Impairment losses on loans and advances

The Company follows the mandatory credit classification and provisioning as required by Prakas No. B7-02-186 dated 13 September 2002 on asset classification and provisioning in the banking and financial institutions issued by the NBC. The NBC requires micro-finance to classify their loans, advances and similar assets into four classes and the minimum mandatory level of provisioning is provided, depending on the classification concerned and regardless of the assets lodged as collateral. For the purpose of loan classification, the Company takes into account all risks and relevant factors which may affect the counterparties' repayment abilities.

(b) Income tax

Taxes are calculated on the basis of current interpretation of the tax regulations. However, these regulations are subject to periodic variation and the ultimate determination of tax expenses will be made following inspection by the Tax Authorities.

Where the final tax outcome is different from the amounts that were initially recorded, such differences will have an impact on the income tax provisions in the financial period in which such determination is made.

MAXIMA MIKROHERANHVATHO CO., LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2010

6. Statutory deposits with central bank (Continued)

Statutory deposit on capital represents a five percent interest-bearing statutory deposit on capital to comply with NBC's *Prakas* No.B 7-00-06 dated 11 January 2000 amended by *Prakas* No. B 7-06-209 dated 13 September 2006. The deposit is refundable when the Company voluntarily liquidates its activities and has no deposits liabilities.

This statutory deposit is interest bearing at ½ of the six-month period refinancing rate set by the NBC for statutory deposit maintained in Khmer Riel and 3/8 of the six-month period SIBOR rate for statutory deposit maintained in US Dollar.

	<u>108,000</u>	<u>437,724</u>	<u>90,000</u>

24. Lease commitments

The Company has lease commitments for lease of its headquarter and provincial office as follow:

	2010		2009
	USD	KHR'000	USD
Note later than one year	20,280	82,195	16,360
Later than one year and not later than 5 years	<u>19,520</u>	<u>79,115</u>	<u>24,200</u>
	<u>39,800</u>	<u>161,310</u>	<u>40,560</u>

25. Tax interpretation

The Cambodian General Department of Taxation has two separate offices that are authorised to conduct tax audits of entities undertaking activities and doing business in Cambodia. The application of tax laws and regulations on many types of transactions is susceptible to varying interpretations when reviewed by these two tax offices. The Company's judgement of its business activities may not coincide with the interpretation of the same activities by those tax offices.

If a particular treatment was to be challenged by those various tax authorities, the Company may be assessed additional taxes, penalties and interest, which can be significant. Tax years remain open to review by the tax authorities for three years with a possible extension of up to ten years.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2010**

26. Financial risk management

The Company's business involves taking on risks in a targeted manner and managing them professionally. The Company's risk management is to identify all key risks, measure these risks, manage the risk positions and determine capital allocations. The risks arising from financial business to which the Company's activities are exposed are operational risk, financial risks: credit risk, market risk (including foreign exchange risk and interest rate risk), and liquidity risk. The following are policies and guidelines adopted by the Company to manage risks related to its business activities.

26.1 Operational risk

The operational risk is the risk of losses arising from inadequate or failed internal processes, people or systems or from external factors. This risk is managed through established operational risk management processes, proper monitoring and reporting of the business activities by control and support units which are independent of the business units and oversight provided by the senior management. This includes legal, compliance, accounting and fraud risk.

The operational risk management entails the establishment of policies and procedures to provide guidance to the key operating units on the risk governance structure and baseline internal controls necessary to identify, assess, monitor and control their operational risks. Internal control policies and measures that have been implemented including the establishment of signing authorities, defining system parameters controls, streamlining procedures and documentation ensuring compliance with regulatory and legal requirements. These are reviewed periodically, taking into account the business objectives and strategies of the Company as well as regulatory requirements.

26.2 Credit risk

The Company assumes exposure to credit risk which is the risk that customers, clients or market counterparties fail to fulfil their contractual obligations to the Company when due. Credit risk arises mainly from loans and advances arising from such lending activities.

(a) Credit risk measurement

The Company has set up the Credit Risk Policy which is designed to govern the Company's risk undertaking activities. Procedures of risk limit setting, monitoring, usage, and control are governed by credit programs which set out the plan for a particular product or portfolio, including the target market, terms and conditions, documentation and procedures under which a credit product will be offered and measured.

The Company also ensures that there is a clear segregation of duties between loan originators, evaluators and approving authorities.

(b) Risk limit control and mitigation policies

The Company manages, limits and controls concentration of credit risk whenever they are identified - in particular, to individual counterparties and groups, and to industries.

The Company structures the levels of credit risk it undertakes by placing limits on the amount of risk accepted in relation to one borrower, or groups of borrowers, and industry segments.

MAXIMA MIKROHERANHVATHO CO., LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2010

26. Financial risk management (continued)

26.2 Credit risk (continued)

(b) Risk limit control and mitigation policies (continued)

Exposure to credit risk is managed through regular analysis of the ability of the borrowers and potential borrowers to meet interest and capital repayment obligations and reviewing these lending limits where appropriate. Exposure to credit risk is also managed in part by obtaining collateral and personal guarantees as well as by providing for loan losses. Limits on level of credit risk by product and industry sector are approved by Board of Directors.

Large exposure is defined by the NBC as overall credit exposure to any single beneficiary which exceeds 10% of the Company's net worth. The Company is required, under the conditions of Prakas No. B7-06-226 of the NBC, to maintain at all times a maximum ratio of 20% between the Company's overall credit exposure to any single beneficiary and the Company's net worth. The aggregation of large credit exposure must not exceed 300% of the Company's net worth.

(c) Impairment and provisioning policies

The Company is required to follow the mandatory credit classification and provisioning in accordance with the relevant Prakas issued by NBC, as stated in note 2.8 to the financial statements.

Loans and advances less than 30 days past due are not considered impaired, unless other information available indicates otherwise. A minimum level of specific provision for impairment is made depending on the classification concerned.

(d) Maximum exposure to credit risk before collateral held or other credit enhancements

	2010		2009
	US\$	KHR'000	US\$
Credit risks exposures relating to on-balance sheet assets:			
Balances with other banks	47,092	190,864	26,810
Loans and advances	2,044,614	8,286,821	1,684,057
Other assets	40,591	164,516	35,206
	2,132,297	8,842,201	1,746,073

The table above represents the maximum credit risk exposure to the Company as at 31 December 2010, without taking into account any collateral held or other credit enhancements. 96% of the total maximum credit exposure is derived from loans and advances to customers in Cambodia.

Management is confident of its ability to control and sustain minimal exposure to credit risk; and believes that Company's maximum exposure to credit risk is limited to the carrying amount of loans less provisions for doubtful loans. Loans are also provided to those borrowers that are deemed profitable.

MAXIMA MIKROHERANHVATHO CO., LIMITED**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2010****26. Financial risk management (continued)****26.2 Credit risk (continued)**

(e) Loans and advances are summarised as follows:

	2010		2009
	US\$	KHR'000	US\$
Loans and advances neither past due nor impaired	2,044,614	8,286,821	1,684,057
Loans and advances individually impaired	<u>4,752</u>	<u>19,259</u>	<u>33,749</u>
Gross	2,049,366	8,306,080	1,717,806
Less:			
Provision for loan loss	<u>(4,752)</u>	<u>(19,259)</u>	<u>(33,749)</u>
Net	<u>2,044,614</u>	<u>8,286,821</u>	<u>1,684,057</u>

For the purpose of loan provisioning, expected recovery from collateral (except cash) is not taken into consideration in accordance with the Central Bank's requirement.

(i) Loans and advances neither past due or impaired

Loans and advances not past due are not considered impaired, unless other information is available to indicate the contrary.

(ii) Loans and advances individually impaired

Loans and advances individually impaired are loans and advances for which the Company determines that there is objective evidence of impairment and it does not expect to collect all principal and interest due according to the contractual terms of the loans and advances. In accordance with NBC guidelines, loans and advances past due more than 30 days are considered impaired and minimum level of specific provision for impairment is made depending on the classification concerned, unless other information is available to indicate the contrary.

	2010		2009
	US\$	KHR'000	US\$
Past due 30-59 days	1,652	6,696	10,510

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2010**

26. Financial risk management (continued)

26.3 Market risk

The Company takes on exposure to market risk, which is the risk that the fair value or future cash flow of a financial instrument will fluctuate because of changes in market prices. Market risk arises from open positions in interest rates, currency and equity products, all of which are exposed to general and specific market movements and changes in the level of volatility of market rates or prices such as interest rates, credit spreads, foreign exchange rates and equity prices.

(a) Foreign currency exchange risk

Currency risk is the risk that the value of financial instruments will fluctuate due to changes in foreign exchange rates.

The Company has no material exposures to currency risk as it transacts essentially in US Dollar. Significant presence of US Dollar is a normal practice of Company operating in Cambodia as this is a currency widely in use in Cambodia.

(b) Price risk

The Company is not exposed to securities price risk because it does not hold any investments classified on the balance sheet either as available for sale or at fair value through profit or loss. The Company currently does not have a policy to manage its price risk.

(c) Interest rate risk

Interest rate risk refers to the volatility in net interest income as a result of changes in the levels of interest rate and shifts in the composition of the assets and liabilities. Interest rate risk is managed through close monitoring of returns on investment, market pricing, cost of funds and through interest rate sensitivity gap analysis. The potential reduction in net interest income from an unfavourable interest rate movement is monitored against the risk tolerance limits set.

The Management is satisfied that the Company's position is such that exposure to movements in interest rates is minimised.

The table below summarises the Company's exposure to interest rate risks. Included in the table are the Company's assets and liabilities at carrying amounts, categorised by the earlier of contractual re-pricing or maturity dates.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2010**

26. Financial risk management (continued)

26.4 Liquidity risk

Liquidity risk is the risk that the Company is unable to meet its obligation when they fall due as a result of cash requirements or other cash outflows.

(a) Liquidity risk management process

The Company's management monitors balance sheet liquidity and manages the concentration and profile of debt maturities. Monitoring and reporting take the form of the daily cash position and project for the next day, week and month respectively, as these are key periods for liquidity management.

(b) Funding approach

The Company's main sources of liquidities arise from shareholder's paid-up capital and borrowings. The sources of liquidity are regularly reviewed daily through management's review of maturity of term loans.

(c) Non-derivative cash flows

The table below analyses non-derivative financial assets and liabilities of the Company into relevant maturity groupings based on the remaining period at the balance sheet date to the contractual or estimated maturity dates. The amounts disclosed in the table are the contractual undiscounted cash flows, whereas the Company manages the inherent liquidity risk based on expected undiscounted cash flows.

MAXIMA MIKROHERANHVATHO CO., LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2010

26. Financial risk management (continued)

26.5 Capital management

The Company considers the need to balance efficiency, flexibility and adequacy when determining sufficiency of capital and when developing capital management plans. The Company details these considerations through an internal capital adequacy assessment process and the key features of which include (a) consideration of both economic and regulatory of minimum capital requirements set by the National Bank of Cambodia, (b) safeguarding the Company's ability to continue as a going concern so that it can continue to provide returns for shareholders and benefits for other stakeholders, (c) maintaining a strong capital base to support the development of business.

26.6 Fair value of financial assets and liabilities

Since market prices for the major part of Company's financial assets and liabilities are not available, the fair value of these items is based on the estimates of the Management according to the type of assets and liabilities. According to the estimation of the Management, the market value is not materially different from the carrying amount of all categories of assets and liabilities.

The carrying amounts and fair value of financial assets and liabilities are not presented on the Company's balance sheet at their fair value. The estimated fair values are based on the following methodologies and assumptions:

(a) Deposits and placements with other banks

Deposits and placements with other banks include current accounts, saving deposits and fixed deposits. The fair values of deposits and placements with other banks approximates their carrying amounts.

(b) Loans and advances to customers

Loans and advances are stated at outstanding balance and interest, net of provision for loan losses. The provision of loan losses is made in accordance with the requirements of the relevant Prakas issued by the NBC in note 2.8.

(c) Borrowings

The fair value of fixed interest-bearing borrowings not quoted in an active market is based on principles outstanding using the interest rates of such borrowings.

(d) Other assets and liabilities

The carrying amounts of other financial assets and liabilities are assumed to approximate their fair values as these items are not materially sensitive to the shift in market interest rates.

	<u>1,633,267</u>	<u>6,619,631</u>	<u>1,312,986</u>

No hedging was recognised in the above balances.

**APPENDIX: SUPPLEMENTARY FINANCIAL INFORMATION AND OTHER NOTES
ON COMPLIANCE WITH THE NBC'S PRAKAS
FOR THE YEAR ENDED 31 DECEMBER 2010**

**OTHER INFORMATION AND PRUDENTIAL REGULATIONS REQUIRED BY THE
LAW ON BANKING AND FINANCIAL INSTITUTIONS**

▪ **Minimum capital** (*Prakas* B7-00-06 dated 11 January 2000)

The Company's paid-up capital at the balance sheet date is USD 410,000 (equivalent to approximately KHR 1.662 billion).

▪ **Large exposures** (*Prakas* B7-06-226 dated 3 November 2006)

Under the provisions of *Prakas* No. B7-06-226 dated 3 November 2006, all micro-finance institutions are required to maintain at all times a maximum ratio of 10% between their overall exposure resulting from their operations with each individual beneficiary and their net worth.

The Company has no large exposures at the balance sheet date.
